Over The Walls Together Foundation

Dear Jayshree Mallaya

Thank you for considering KwaZulu-Natal's elderly. The warm embrace received from you and your team positively influenced the lives of our senior community. Your dedication, time and generosity has left a long lasting impression on our elders. Swami Vivekananda said "Service to man is service to god", we at TAFTA commend you on the work you do and the difference you try to make. Not only were our elders treated to a pamper session they got an opportunity to review and evaluate the life they want to live.

On behalf of TAFTA and our Elders, we would like to thank Over The Walls Together Foundation and Be Pampered Spa and wish them all the success in their future endeavors.

Thank you again for supporting Tafta in meeting the rights and promoting the wellbeing of our elderly.

Kind regards

Yougendri Moodley
